

# 5 Core Pillars of our Class Structure

## To Clear the IAS Exam in the 1<sup>st</sup> Attempt

**Our Classes are Designed on 5 Strong Pillars to Ensure Complete Preparation and Consistent Improvement of Every Student:**

- Class Lectures
- Guidance, Mentorship & Support
- Study Material
- Tests & Evaluation
- Post Course Support: **Free Support Till You Achieves Your IAS/IPS Dream**

### **1** Class Lectures

**“Strong Concepts Create Future IAS & IPS Officers.”**

Classes are conducted by experienced Delhi faculty, following a Prelims + Mains integrated approach to ensure students are prepared for both stages simultaneously.

- ✔ **Beginner to Advanced Learning Approach:** Class starts from the basics and gradually move towards an advanced level. So that students from a different background can develop a strong hold over each subject.
- ✔ **Offline + Online + Recorded Video Backup Support:** Classes are available in both offline and online modes, along with recorded backups for revision and missed sessions.
- ✔ **Structured & Disciplined Preparation Plan:** A well-planned, detailed lecture plan is shared in advance to maintain consistency and discipline in preparation.
- ✔ **30 Years PYQ Analysis for Exam-Oriented Understanding:** After completing each subject, we conduct 4–6 dedicated sessions taken by our Research Team to focus on solving and analysing the last 30 years of PYQs (Previous Year Questions) of Prelims and Mains exam, for building exam-oriented understanding.
- ✔ **Answer Writing Sessions:** Separate answer writing sessions are conducted by our research team members.
- ✔ **LIVE Online Classroom Experience for Remote Students:** LIVE Online Classroom Programme is available for students staying in far-flung and remote areas. The same offline classroom teaching is delivered LIVE simultaneously to online students in real time by the faculty. Students attending online will experience the same classroom environment, teaching quality, interaction, mentorship, and guidance as offline students – while studying comfortably from their own study room at home.

The focus of classroom teaching is on conceptual clarity, application, and exam relevance.

### Additional Important Features of LIVE Online Classroom Programme:

- ✓ LIVE Interactive Online Classroom Experience
- ✓ Separate Doubt-Clearing Sessions by Delhi Faculties
- ✓ Dedicated Online Mentoring Sessions
- ✓ Personal Guidance for Every Online Student
- ✓ Regular Tracking of Preparation Progress
- ✓ Special Support Sessions for Weak & Slow Learners

## 2 Guidance, Mentorship & Support

### “UPSC Preparation Becomes Easier When You Are not Preparing Alone.”

A strong mentorship system will run parallel to classes to ensure that no student feels lost during preparation.

- A dedicated mentor will be assigned to each student.
- There will be a regular class visit by mentors at the beginning of each class to guide, monitor, and support students.
- Mentorship sessions will be provided to each student:
  - Online by booking slots
  - Offline anytime in the office
- In case of an absence, a counsellor will personally connect with you to track your preparation and ensure continuity in studies.

This system ensures continuous monitoring, doubt resolution, and personalized guidance throughout the preparation journey.

**“Many institutes complete classes and move on.  
We continue to stand with students till they achieve their goal.”**

## 3 Study Material

### “Less Confusion, More Focused Preparation.”

Students will be provided with structured and exam-oriented study material to support classroom learning.

- ✓ **Class Notes / Handouts:** After every class, you will receive a handout that will include:
  - Key concepts discussed in class
  - Practice Prelims and Mains questions for better understanding
- ✓ **Basic Books (NCERT CRUX):**  
A set of 8 basic books will be provided to build a strong foundational clarity of all subjects.

✓ **Magazines:** Two monthly magazines will be provided:

- One for Prelims
- One for Mains

✓ **Advanced Books:**

15 Advanced-level books will be provided after 4–5 months of starting the batch to support higher-level preparation and answer writing.

**“Our structured material system saves students from confusion, unnecessary overload & random preparation.”**

## 4 Tests & Evaluation

**“Regular Testing Transforms Preparation into Performance.”**

A structured testing system will be implemented to continuously evaluate progress and improve performance.

✓ **Weekly Test:**

Whatever classes are conducted in a week, there will be a weekly test on those topics before starting the new class in the next week.

A 25-question test will be conducted every Monday for the weekday batch and on every Saturday for the weekend batch before the class:

- 20 questions on Prelims
- 5 questions on Mains

This will help assess your weekly progress and preparation.

After the weekly test, there will be mentoring sessions for each student to give exam-oriented guidance.

✓ **Subject-Wise Tests:**

After completion of each subject:

- **2 Tests will be Conducted**
  - Prelims: Full Length Test (100 questions)
  - Mains: Full Length Test (20 questions)

✓ **Prelims Test Series:** Before the Prelims exam, there will be a Prelims Test Series where you will be given 75 Prelims tests to enhance your accuracy, speed, and exam readiness.

✓ **Mains Test Series:** There will be a separate Mains Test Series where 25 Mains test papers will be given to strengthen your answer writing and analytical ability.

This continuous evaluation system ensures regular performance tracking and improvement.

**“UPSC Success Depends not Only on Studying – but on Regular Testing, Evaluation & Improvement.”**

## 5 Post Course Support

**“Our Responsibility Towards Students does not end After Classes.”**

All features and support systems related to Prelims and Mains Test Series will continue to be available free of cost till your selection.

- ✓ Continued Guidance
- ✓ Mentorship Support
- ✓ Test Series Access
- ✓ Preparation Monitoring
- ✓ Strategy Assistance

**Because UPSC preparation is a long journey – and students need continuous support, motivation & direction.**

**Most institutes stop after course completion. We continue to support students till they achieve their IAS/IPS dream.**

**“From your first class to your final selection – we stay with you throughout the journey.”**

## Final Message

**“A Single Right Strategy can Save Years of Struggle.”**

**Before spending years in confusion, invest 5 days to understand:**

- How UPSC preparation actually works,
- What successful aspirants do differently,
- And how proper mentorship can help you move closer to becoming an IAS or IPS Officer.

**“You are not just joining a classroom. You are joining a long-term mentorship system designed to support you till selection.”**

**Limited Seats Available. Offline + LIVE Online Classes.**

**Start Your IAS Journey with Clarity, Confidence & the Right Mentorship.**
